SUMMARY

PhD ECE student interested in RF and THz integrated circuit and system (Advisor: David Blaauw)

EDUCATION

- **University of Michigan**, Ann Arbor, Ph. D., Electrical and computer engineering *Since 08/2021*
- **Tsinghua University**, Beijing, China, M. S., Electronic engineering (3.8/4.0) *06/2021*
- **Tsinghua University**, Beijing, China, B. S., Physics (4.0/4.0) *07/2018*

HONORS & AWARDS

- **Outstanding Bachelors Thesis Award of Tsinghua University** *07/2018*
- **Outstanding Graduates of Tsinghua University** *07/2018*
- **Special Prize of University Students Physics Competition in China** *06/2015*
- **National Scholarship of China** *09/2015*

WORK EXPERIENCES

- **Graduate Student Research Assistant (GSRA), University of Michigan** *Since 08/2021*
  - Michigan Integrated Circuits Laboratory (MICL) (Advisor: David Blaauw)
- **Teaching assistant (TA), Tsinghua University** *09/2020–02/2021*
- **Intern University of California, SanDeigo** (Advisor: Peter Asbeck) *07/2017–09/2017*
- **Research Assistant (RA), Tsinghua University** *07/2016–07/2021*
  - Intelligent Microwave Ciruit and System Lab (IMCS) (Advisor: Wenhua Chen)
